

CALGARY EXHIBITION & STAMPED

92nd ANNUAL REPORT
SEPTEMBER 30, 1977

CALGARY EXHIBITION & STAMPEDE

The Calgary Exhibition and Stampede is a non-profit Corporation which leases Stampede Park and plant from the City of Calgary, for \$1.00 per year for the purpose of conducting the annual Calgary Exhibition and Stampede and its related operations, particularly stressing sports, youth and agricultural activities.

The Directors of the Stampede are not and cannot under the By-Laws of the Stampede be paid in any form for their services. Dividends cannot be paid to shareholders and the shares can-

not appreciate in value. Shares cannot be held by persons who reside outside the Province of Alberta or in the Estates of deceased shareholders.

The revenue earned by the Stampede on its operations can be spent only on improvements and additions to the park and plant, all of which would revert to the City of Calgary upon the expiry of the lease.

To The Shareholders

Stampede 1977 marked the culmination of a year in which many of the changes wrought in 1976 congealed to produce another extremely triumphant Stampede.

Volunteers and staff worked earnestly throughout the year to successfully maintain the high level of public acceptance we enjoyed in 1976.

Attendance at the 1977 Stampede was refreshing to say the least and highlighted by the visit of HRH Prince Charles and HRH Prince Andrew and our Tribute to the Indian People. A varied and beautiful cultural history contrasted with the technological advances of the modern Indian made this salute outstanding and a tribute as well to a long association between Indians of Southern Alberta and the Stampede.

Cash flow generated from operations was \$1,242,749 compared to \$798,167 in 1976 and the Stampede continued to be an innovative and much-copied member among fairs and exhibitions in North America.

Our special thanks go to the Calgary media for their support and encouragement throughout the year.

An increasing demand for new facilities in Stampede Park has instigated a definitive study of facility requirements by the prestigious Stanford Research Institute. The results of that study are expected to delineate the type of future facilities needed and affordable as well as the role of these facilities in Stampede Park, Calgary and Southern Alberta.

Early in 1977 the Stampede initiated planning for Round-Up '78, an Agriculture Showcase utilizing all of Stampede Park and intended to return agriculture to the pre-eminent position it warrants in Alberta industry.

The Calgary Exhibition and Stampede deeply regrets the deaths during the year of George Edworthy, John F. Burton, E. J. Cammaert and Clarence M. Moore, all valued friends of ours.

1977 Calgary Exhibition & Stampede

Every year is the best year at the Calgary Exhibition and Stampede and 1977 was no exception.

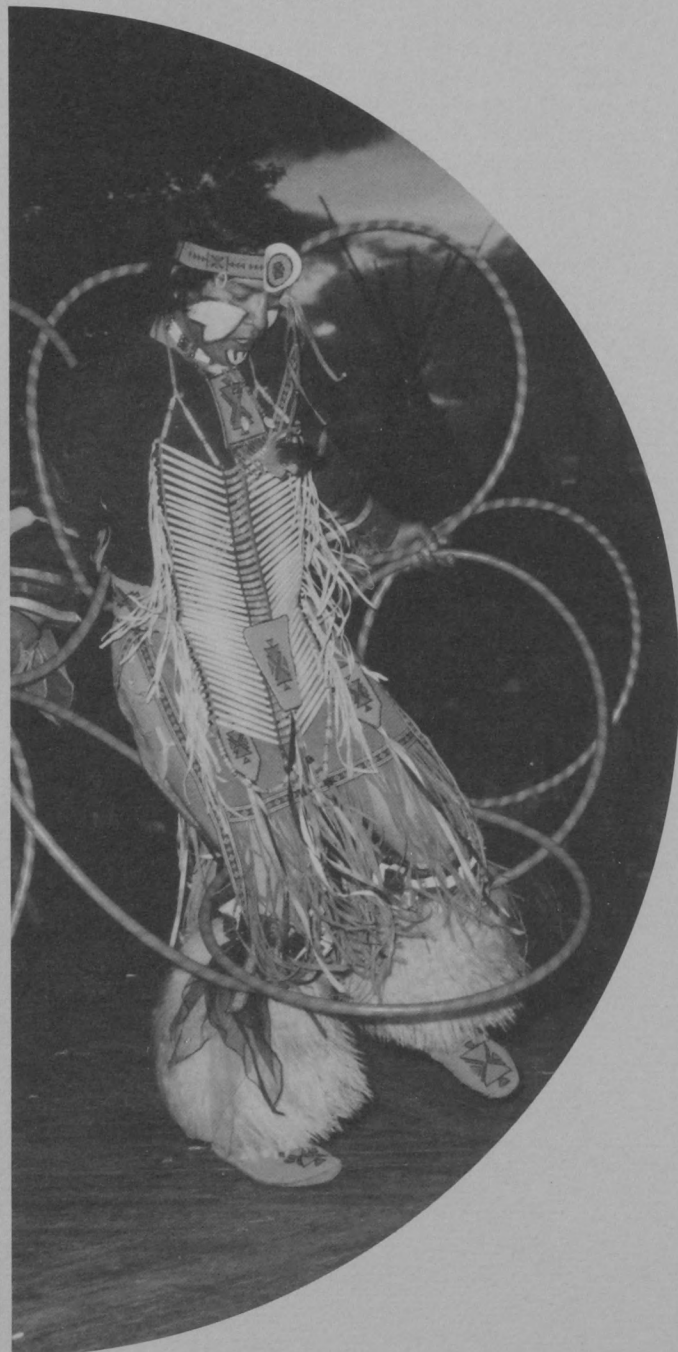

In 1977 we had it all. His Royal Highness Prince Charles, his brother Prince Andrew, seven Indian Chiefs in full regalia and 32 Mounties in red teamed up with bucking bronses, seasoned cowboys and colorful chuckwagon

rigs to produce much more than just the biggest annual rodeo in the world.

For ten days the Stampede paid tribute to the Plains Indians of Southern Alberta. Throughout Stampede Park, Indians from the five tribes hosted exhibits commemorating the 100th anniversary of the signing of Treaty 7. The cultural history and the con-

temporary commercial enterprises of each tribe contrasted Indian life yesteryear with life in 1977.

From the 90-minute parade the Prince of Wales led through downtown Calgary Friday morning, July 8th to the late-night draw for the Stampede Dream Home Sunday, July 17th, the 1977 Stampede was a resounding success.

Canada's Conklin Shows, so well-received by Stampede visitors in 1976 returned with more rides to a midway redesigned to improve pedestrian flow. Adding a new twist to the fair business in North America, the Calgary Stampede became the first ever to stage an all-night ride-a-thon. At midnight July 9th the gates to Stampede Park swung open to some 58,000 of the "young-at-heart" for eight hours of swirling rides and free rock concerts.

Revelstoke Acres, the newly-developed show ring adjacent to the Elbow River in the northeast corner of Stampede Park featured twice-daily Timber Shows, agriculture and sports exhibits and rock concerts.

The Agriscope theme — Horse Heaven '77, zeroed in on the usefulness of the horse in today's mechanized society. The successful Heavy Horse Show and Sale,

cutting competitions and the involvement of the RCMP Musical Ride combined to make Agriculture an important part of the Stampede's success.

Six nights of Corral Showcase happenings and a nightly Stage Show at the Grandstand gave visitors a variety of entertainment to choose from.

Monday, July 11th, CFAC's Dress Western Day saw a climb of 20,000 over 1976 attendance for Stampede Monday. Through-

out the city, bands played, folks danced in the streets, cowboys signed autographs and volunteers flipped flapjacks and fried bacon.

Rodeo — the feature that makes us Number 1, lived up to its reputation. Ogden, Utah cowboy, Jack Hannum, took home the Alberta Distillers Award, a GMC pickup truck, as the All-Around Champion.

A rodeo purse exceeding \$100,000 was divied up while Chuckwagon drivers vied for a chunk of the \$105,000 purse. The chuckwagon finals went to Kelly Sutherland of Grande Prairie, Alberta driving the Archie Hackwell rig and six of eleven rodeo championships went to Canadians.

Best of all, Calgarians and visitors alike got behind the 1977 Stampede and provided the support that made success possible. People participated enthusiastically giving staff and volunteers the incentive to improve Stampede '78 even more.

Through the Seasons in Stampede Park

Autumn

The start of the new fiscal year saw the end of an old favourite at Stampede Park. Oktoberfest, the giant German party for 31,553 folks of all nationalities was special; special because it was the last Oktoberfest.

Keeping Stampede Park a-buzz in the fall were a pre-season Dinner Theatre engagement,

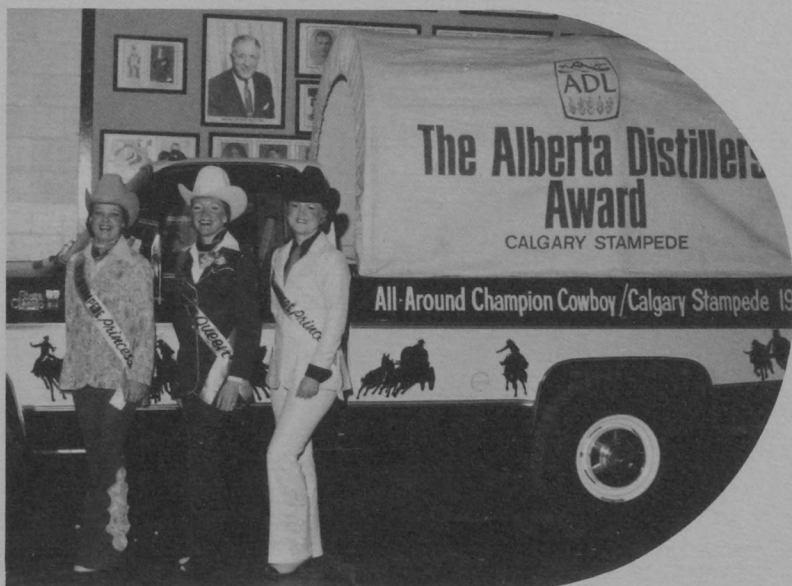

thoroughbred and harness racing meets, livestock shows and Big Four curling, among hundreds of other events.

Winter

Winter weather did not slow activities in the Park. In the New Year 30,513 Calgarians thrilled to the sparkle-dazzle of Ice Capades.

Dinner Theatre returned with the production, Damn Yankees and in the Corral the Canadian Figure Skating Championships attracted skating fans from across Canada.

Tying up winter happenings were the Calgary Bull Sale in early March and in mid-March the 6-day Rodeo Royal where 29,394 rodeo fans watched

champion cowboys compete for \$23,804 in prize money.

Selected during Rodeo Royal were Stampede Queen Gillian Newman and Princesses Sylvia Wittmoser and Brenda Orr.

Spring

There were 4-H Activities and more harness racing in Spring '77. Rookie cowboys attended Rodeo College and 10,349 fans took in the Calgary International Horse Show where Bo Mearns of

Victoria, B.C. took first place in Rothman's \$10,000 Grand Prix, May 21.

On April 7 the Calgary Cowboys met the Winnipeg Jets in their last game of the season and last game as the Cowboys.

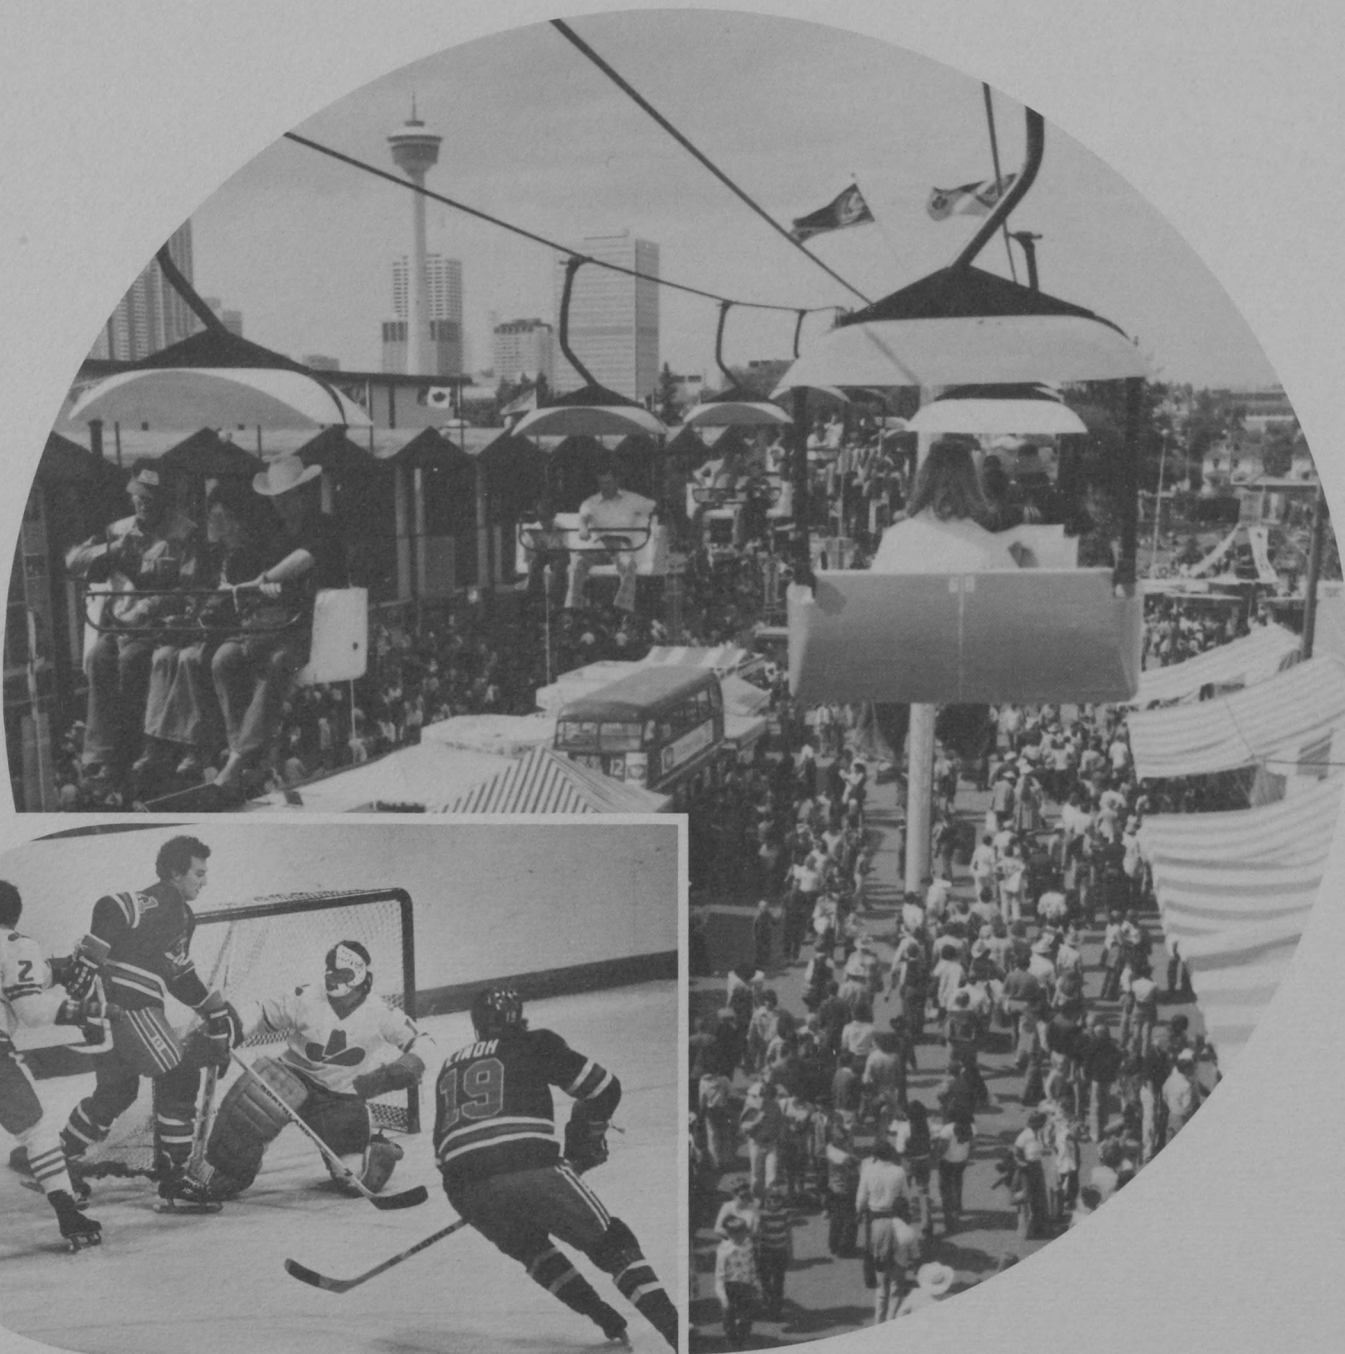

Summer

While the 1978 Stampede may have stolen the summer lime-light it was not the only event in Stampede Park.

The Alberta Light Horse Show and the Arabian Horse Show in August and an outdoor Stampede-produced convention rodeo in September were all successful.

Rock groups — Styx, Kiss, The Bay City Rollers, Rush and the granddaddy of them all — Fleetwood Mac, all played Stampede Park in the summer season.

Year's end showed 3,190,603 visitors had participated in Stampede Park Activities in 1976 - 77.

Notes to Financial Statements

SEPTEMBER 30, 1977

1. Significant accounting policies

Equity

The Stampede is a non-profit organization and under its by-laws, dividends cannot be paid and its shares cannot appreciate in value.

Inventories

Inventories are valued at the lower of cost and net realizable value.

Fixed assets

Fixed assets were valued at depreciated replacement cost in accordance with appraisals made in 1965. Subsequent additions are valued at cost. The difference of \$8,241,892 between the appraised value and the book value at the appraisal date is shown in the balance sheet as "Surplus arising from appraisal of fixed assets".

The fixed assets, for which title is vested in the City of Calgary, are used by the Stampede under a long term lease expiring in the year 2011.

Depreciation is calculated on a straight-line basis at rates designed to amortize the capitalized value of the assets over the lesser of their estimated useful lives or the term of the lease.

Grants

Grants received by the Stampede are accounted for as follows:

- i) Grants to assist the financing of capital assets are included in equity as "Contributions for facilities".
- ii) Grants not specifically intended for capital acquisitions are included in income.

2. Western Canada Lottery (Alberta) Division

The Stampede is a participant in a partnership formed for the purpose of conducting and operating a continuing lottery in accordance with the provisions of the Western Canada Lottery Foundation. Under the terms of the partnership agreement, which was amended on November 19, 1976, the net profits of the lottery are to be divided in accordance with the Interprovincial Lottery Licence issued annually by the Province of Alberta. The partnership's year end is July 31, 1977 and the Stampede's share of the net profits to that date is included in the accompanying statement of operations.

3. Long term debt

	1977	1976
Bank loan for expansion of facilities repayable in annual instalments of \$400,000	\$ 1,800,000	\$ 3,600,000
Federal Government loans for expansion of facilities		
(i) bearing interest at 7.578% and repayable in annual instalments of \$341,278 including interest to 2003	3,829,123	3,876,631
(ii) bearing interest at 8.595% and repayable in annual instalments of \$563,189 including interest to 2005	5,900,939	5,952,511
Conditional sales contract payable in annual instalments of \$15,408 including interest	70,407	80,463
	11,600,469	13,509,605
Less principal repayments due within one year	117,167	511,000
	<u>\$11,483,302</u>	<u>\$12,998,605</u>

The bank loan is collateralized by a demand note which bears interest at 1% above the prime bank rate. During the year the Stampede made prepayments of \$1,400,000 in excess of the minimum required annual principal instalments on the bank loan. Long term debt repayments required during the four years subsequent to September 30, 1978 are as follows: 1979 — \$125,853; 1980 — \$135,247; 1981 — \$345,505; and 1982 — \$556,392.

4. Employees' Retirement Pension Fund

The Stampede has a pension plan which is available to all eligible employees. Pension expense charged to operations was \$109,124 in 1977. The latest actuarial valuation of the pension plan indicated that an excess of obligations over assets of approximately \$48,000 existed, due mainly to the planned reduction in normal retirement age. Contributions by the Stampede have been increased commencing in 1977 to fund this obligation over the next five year period.

5. Comparative amounts

Certain of the 1976 amounts on the statement of operations have been reclassified to conform with the presentation adopted in 1977.

Notes to Schedule of Racing Operations

SEPTEMBER 30, 1977

1. Grandstand

Annual direct operating expenses of the Grandstand facilities are allocated to racing operations based on the actual number of racing days in the year applied to the daily average direct operating costs of the Grandstand.

2. Grants

The Province of Alberta rebates to the Stampede, for general operating purposes, an amount equal to 1% of the gross handle from racing operations. This rebate is included in the statement of operations in "Grants".

3. Racing allocations

To preserve the accountability for each department within the Stampede, certain revenues and expenses which may be considered as being related to racing have been included in the statement of operations in other accounts. These amounts have been reclassified in the accompanying schedule of racing operations on the following bases:

- Food Services and Concessions — by applying the annual gross margin percentages from these operations to the actual gross revenues earned during the racing days.
- Interest and depreciation — by applying the ratio of the number of people attending racing to the total annual attendance at Grandstand activities to the actual interest and depreciation on racing plant.

Grandstand attendance:	1977	1976
Thoroughbred racing	311,304	277,385
Harness racing	234,346	122,741
Stampede time and other	377,859	364,695
Total Grandstand attendance	923,509	764,821
